August 2006

Volume XLXI, Issue 1

President's Message

Hello Everyone,

It is 100 degrees and no rain in sight, another typical August in Texas and the start of a new year for the Fort Worth Chapter of ASHRAE. I'm really excited about our talented Officers, Board of Governors, and Committee Chairs. They are hard working and make a great team.

We just recently had our officer orientation meeting at Sammy's Barbecue. During the meeting, we discussed several different ways to bring in additional money for ASHRAE Research and ways to increase our membership. Our CTTC Chairperson, Jennifer Jewers has been working hard to bring our chapter some exciting and educational programs this year. If anyone has ideas for upcoming programs for the year, give Jennifer or myself a call with the information.

In August, we will have a visit from our own DRC for Region VIII Mr. Art Giesler. When you see Art be sure and say thanks for all the hard work he does for region and the Fort Worth Chapter as well. In addition, we have a special award to present on behalf of ASHRAE to one of our own Mr. Wayne Frazell, P.E. Mr. Frazell will be receiving the "Distinguished Service Award".

Be sure that your society dues have been paid. The ASHRAE bylaws were revised in Quebec City to cancel a member if their dues are delinquent for more than 6 months. Email notification will be sent on a monthly basis to all delinquent members who may be affected by this policy.

I encourage everyone to attend the monthly meetings. I guarantee you will have a good time and learn something in the process. Please remember to RSVP for the meeting by the **August 14th**. Contact me at sellis@enviromaticsystems.com.

Please visit the Ft. Worth Chapter website at <http://www.ashrae-ftw.org/> for a variety of useful information such as current and past newsletters, monthly meeting schedule and links to other chapters.

Respectfully,

Sid Ellis, Jr.

August 16th Program: “Proper Hydronic Boiler Application.”

Speaker: Mike Doychak

Mike Doychak is the Southeast Regional Manager and Boiler Applications Specialist for PVI/Riverside Hydronics. He attended Penn State and has been in boiler sales for 15 years. His experience has reached from the Northeast down through Florida encompassing varied climates for different boiler applications.

A special thanks goes out to Gene Ward with PVI Industries for helping to set up this speaker.

Board of Governors Meeting Minutes

August 3, 2006

BOG Reports:

Attendees: John Maryak and Son, Sid Ellis, David James, Jen Jewers, Don Hardin, W.O. Kelly, Tony Finch, Don Hardin, Garrett Brown, and Rick O'Connor

Meeting called to order 11:30am by Sid Ellis, Chapter President. Sid welcomed all BOG and Officers to the beginning of the 2006-2007 Chapter year.

- Reports:
 - **President-Elect:**
 - Rick has requested that all reports be sent to him within 1 week of the chapter meeting.
 - **Secretary:** David James and Rick O'Connor will work together on BOG and Chapter meeting minutes at the conclusion of the August 16th meeting.
 - **Treasurer:**
 - Current balance is \$4,305.50 as of 7-28-06.
 - **Board of Governors:**
 - **Committee Chairs:**
 - **Membership Promotion:** Garrett will be setting up seminars this year to help drive membership and research promotion.
 - **Student Activities:** Tony Finch will continue as our leader of Student Activities.
 - **Chapter Technology Transfer:** No Report
 - **Research Promotion:** John Maryak will be taking the lead. W.O. Kelly is already hard at work putting together our Christmas Party.
 - **Refrigeration:** No Report. Dennis Sutton with Harold James Inc.
 - **Honors and Awards:**
 - Don Hardin said all awards have been submitted and presented at CRC.
 - Need Volunteers for Winter Meeting in Dallas, January 2007. See Don to sign up.
 - **Newsletter:**
 - Will try to keep adding more pictures to Therm.
 - **Webmaster:** No report
 - **Historian:** No Report

New Business:

- The BOG has determined that we will begin using Writeable name tags for membership.
- Too many tags come up missing or get misfiled.
- The BOG will look into engraved name tags for Chapter Officers and Past Presidents.
- Carter Burgess will be invoiced for lunches so they can submit (1) expense for payment.
- Webmaster needs to update Carter Burgess email format so they receive the Therm.
- In August, we will have a visit from our own DRC for Region VIII Mr. Art Giesler. When you see Art be sure and say thanks for all the hard work he does for region and the Fort Worth Chapter as well.
- In addition, we have a special award to present on behalf of ASHRAE to one of our own Mr. Wayne Frazell, P.E. Mr. Frazell will be receiving the "Distinguished Service Award".

Adjourned 12:40p

ASHRAE NEWS

ASHRAE Updates Existing Buildings Energy Standard

Release Date: 08/08/2006

Contact: [Wendy Angel](#)

Phone: 678-539-1216

ATLANTA – ASHRAE has updated its standard on energy conservation in existing buildings, designed to help owners maximize efficiency by improving operation, maintenance and energy monitoring.

ANSI/ASHRAE/IESNA Standard 100-2006, Energy Conservation in Existing Buildings, was updated to bring it in line with other ASHRAE guidance, specifically ANSI/ASHRAE/IESNA Standard 90.1-2004, *Energy Standard for Buildings Except Low-Rise Residential Buildings*, and the ASHRAE Handbook, *HVAC Applications*.

“Energy-saving practices for operation, maintenance and monitoring are essential for achieving sustainability in existing buildings,” Robert Fuller, vice chair of the Standard 100 committee, said. “It is important to ASHRAE and our members that we continue to provide stringent requirements for energy efficiency, and updating this standard helps us continue to be leaders in sustainability.”

Other changes incorporated in Standard 100-2006 include updated requirements for compliance that allow for newer technology, such as more efficient lighting, that has been made available since the last update, and a revised bibliography to reflect current documents and new publications.

The cost of the Standard 100 is \$33 (\$26, ASHRAE member). To order a copy of the standard, contact ASHRAE Customer Service at 1-800-527-4723 (United States and Canada) or 404-636-8400 (worldwide), fax 404-321-5478, by mail at 1791 Tullie Circle NE, Atlanta, GA 30329, or visit the [ASHRAE.org Bookstore](#) at www.ashrae.org.

ASHRAE, founded in 1894, is an international organization of 55,000 persons. Its sole objective is to advance through research, standards writing, publishing and continuing education the arts and sciences of heating, ventilation, air conditioning and refrigeration (HVAC&R) to serve humanity and promote a sustainable world.
