President's Message—Jay Sullivan

Is it Spring yet? By the time our March meeting rolls around, we should hopefully be done with the crazy winter weather. Our meeting will be held on March 18th at the Petroleum Club at 11:30. This month, we have Bruce Barrett from Multistack in to present on dedicated heat recovery chiller applications.

Fort Worth CRC registration has opened, so if you've ever had an interest in how Society conducts its business, you'll have an opportunity to attend a local convention. It will be many years until CRC is hosted in Fort Worth again, and the committee has done a great job of planning events to make this CRC great! I hope to see many of you there. Thanks and we'll see you on the 18th.

Jay Sullivan
President, ASHRAE Fort Worth

Volunteers Needed!!

It is almost here! Please consider coming out to volunteer just a couple of hours to help host this large event for our chapter. We are striving to make it the best they have seen in years, and we are getting very close to accomplishing our goal. We now need volunteers just for 2 hour time slots to man certain stations and checkpoints to help guide newcomers to our great city or just to get around the hotel. If you can give us 2 hours, please e-mail Patty Parrish (patty.parrish@us.belimo.com) or Ashley Fiddelke (ashley.fiddelke@irco.com), and we will be happy to add your name to the list. If you have not yet registered for the hotel or the event please do so before March 15th to get the early bird pricing.

BETTER BUILDINGS CHALLENGE

Looking for a way to use your engineering skills to give back to your community? Consider volunteering to help with energy survey activities with the Fort Worth Better Buildings Challenge! The BBC is a national leadership initiative calling on corporate chief executive officers, university presidents, and state and local leaders to make substantial commitments to energy and water efficiency in order to improve their buildings and, save money, and increase competitiveness.
