President's Message—Jay Sullivan

As we wind down the ASHRAE Fort Worth Chapter Year, I would like to take the opportunity to thank all of you who have sacrificed your time to help make this year successful, fulfilling, and fun. As a volunteer organization, we rely on those individuals who see the greater goal of ASHRAE in what we do every day. None of us get paid to do this, and we all have other jobs that require time and commitment. I really appreciate all who took the time out of all the rest of life's obligations to assist us.

We just wrapped up CRC in Fort Worth. I think all of the 150+ in attendance would agree that this was one of the best CRCs in years. Hopefully, we'll see some of you next year in Tyler. This month's meeting is back in the Fort Worth Petroleum Club. Sam Gunderson will be presenting on Fort Worth's commitment to the Better Buildings Challenge. He's presented a few times over the last few years and it's always really good presentation on a great program that is gaining momentum locally. This is our last formal lunch meeting of the year. I'll be turning the chapter over to Clif Upham at Past President's Night in June. It's been a pleasure to work with you all!

Speaker- Sam Gunderson

Topic- Fort Worth Better Buildings Challenge

While holding jobs and internships in the financial market, LEED construction, and community programming fields, Sam graduated from Texas Christian University with a degree in Environmental Earth Resources and a Business minor. He is currently employed as the Conservation Specialist for the City of Fort Worth which primarily entails project management relating to energy efficiency, the Fort Worth Better Buildings Challenge, and fostering community relations. Outside of his work at the City, Sam is involved in multiple Ft. Worth initiatives including, but not limited to Steer Fort Worth, the Downtown Fort Worth Inc. Housing Committee, the Fort Worth Chamber of Commerce Central Area Committee Board, and the Ronald McDonald House Red Shoe Society.

Upcoming Events and Updates

ASHRAE REGION VIII CRC 2015

I want to thank the many volunteers that helped us pull off a highly successful CRC. I received numerous compliments that Fort Worth was once again the chapter to beat when it comes to CRC's. Even with the uninvited tornado scare during dinner Friday night, did not dampen the spirit of the group and all had a great time. If you did not attend, you truly missed out on a lot of networking and socializing with wonderful people from Texas, Oklahoma, Arkansas, Louisiana and Mexico. All being in the same industry allowed you to talk shop and feel good about it. I could never have accomplished this without my CRC Committee and volunteers. Thank you very much!

Patty Parrish

CRC General Chair 2015

BETTER BUILDINGS CHALLENGE

Looking for a way to use your engineering skills to give back to your community? Consider volunteering to help with energy survey activities with the Fort Worth Better Buildings Challenge! The BBC is a national leadership initiative calling on corporate chief executive officers, university presidents, and state and local leaders to make substantial commitments to energy and water efficiency in order to improve their buildings and, save money, and increase competitiveness.
